

## **An Update From All Saints' Youth Club**

Through the pandemic All Saints' Youth Club have continued to support our young people emotionally and mentally. We have provided the community with positive guidance through our social media networks, young people have taken part in different games, activities and projects. These include health and well-being, staying positive, self-care and art related groups. We have delivered a number of different packs for young people including time capsules, art packs, well-being kits, healthy eating packs and family night packs including pizza kits.

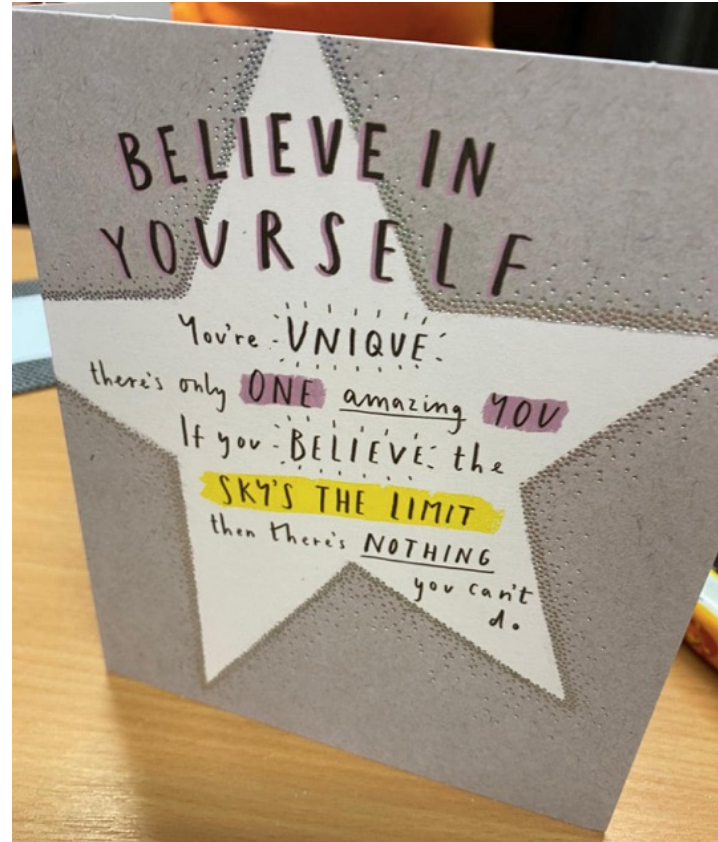

We acknowledge and value the importance of each and every young person and the part they play within their community and we will continue to provide young people with a safe place and support in every way we can.
